**Tuesday, March 23, 2010  
12:00 - 2:00 pm**

Buffet sandwich lunch is available for \$15.00 per person.  
Purchase lunch tickets when registering for ACS meeting.

The Medicinal Chemistry Division of the ACS is pleased to offer a Lunch and Learn session from Merck researchers entitled "ISENTRESS® (raltegravir), a HIV-1 Integrase Strand Transfer Inhibitor" on March 23rd at the upcoming Spring 2010 ACS MEETING to be held in San Francisco. This is an excellent opportunity to learn about a medicinal chemistry project from its beginning to the marketplace. Lunch and Learn sessions tend to be very well attended so pre-registration is encouraged. There is a registration fee of \$15 and lunch is included. Onsite registration for Lunch & Learn will be subject to availability.

To pre-register:

Add the event when you pre-register for the San Francisco ACS meeting:

<https://www.xpressreg.net/register/ACSA030/start.asp>

Already preregistered? Add this event to your account:
